

CARNEGIE MUSEUM OF NATURAL HISTORY
Carnegie Institute, Pittsburgh, Pa. 15213

Deac. # 172

RECORD OF DEACCESSION

Accession No. several, see attached

Date 22 May 1997

Items Deaccessioned 16,473 specimens of bird skins, skeletons, fluid-preserved, and eggs, see attached.

Reasons for Deaccessioning

259 specimens destroyed or discarded due to damage and/or invalid data

15,824 exchanged with other museums, for comparable but different specimens

390 given to Division of Education or other educational institution for their programs (specimens in adequate condition but poor data)

Disposition of Material

see above and attached; details available on request

REQUEST FOR DEACCESSIONING:

By Dr. Bradley C. Livezey

(Type Name) (for WEC Todd, NC Parkes)

RECORD OF DEACCESSION

Deacc. # 177
Accession No. 5318 (part)

Date 12 December 1997

Items Deaccessioned 3 study skins of Brachygalba goeringi,
CM## 46307, 46463, 46874.

Reasons for Deaccessioning for exchange

Disposition of Material sent to U.S. National Museum in exchange for
2 study skins of Brachygalba salmoni, USNM## 469914, 425933.
